SUMMER JOKES BY JOHN LUCARELLI

- When do you go at red and stop at green? When you're eating a watermelon
- What did the beach say to the tide when it came in? Long time, no sea
- Why did the shark befriend the dolphin? Because it wanted more porpoise in its life
- Where do sheep go on vacation? The Baahamas
- Why was it so hot in the stadium after the baseball game? All the fans left!

What Is Vacuum Excavation?

There are many different ways to clear away soil and sediment from a job site. However, many of these methods are highly invasive, and expensive, making them a poor fit for certain types of projects. If you're looking for a minimally-invasive way to clear away material from your job site, then vacuum excavation could be your solution..
