LIMBS MATTER

KEEP YOUR KIDS

INSIDE WHEN MOWING THE LAWN.

THE BAINTER
FAMILY

LIMBS MATTER is a cause near and dear to AOTC. Their Mission is to activate parents to make a conscious choice to KEEP THEIR KIDS INSIDE WHEN MOWING THE LAWN because, through LIMBS MATTER they see and understand how instantly a lawn mower accident can happen and the lifelong devastation of a single moment. They consist of a group of families who have come together to spread our message about lawnmower safety.

We would like you to meet The Bainter Family. Jodi and Brett Bainter learned first hand how quickly life could change when their son Jake lost his leg above the knee in a lawn mower accident in 2004. We implore you to learn more about The Bainter Family's story.

ENVIRONMENTAL AND INDUSTRY NEWS

"Pythons in the Everglades is such a colossal problem, you have to corral so many resources, so much energy, and so many interests to try to tackle it," said Aarav Chavda, co-founder of the operation the friends have called Inversa Leathers. "We know we're not riding in with a silver bullet. It's a years-long process to combat it, and develop better tools. But the really great thing about this is you have very invested and interested consumers pushing on this problem."
