

ERT TRAINING

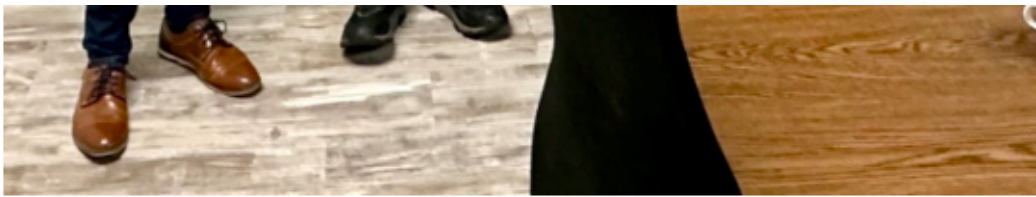

We wrapped up an incredible week of Emergency Response Team (ERT) training at AOTC!

Safety is our topmost priority, and we believe in being prepared for any situation that may arise on the job site.

FIELD TRIP DAY TO ECOSENSE

Pictured here - Brandon Smith from Oyova beside our own Todd McDowell. With Randy Burden and Jahn Dussich of EcoSense International Inc. We met to learn more about the innovative stormwater and industrial wastewater quality solutions Ecosense offers through their products and services.

PORT CANAVERAL

AOTC proudly wraps up another successful project at Port Canaveral, and we couldn't be more thrilled with the results! Our dedicated team worked tirelessly to ensure every detail was perfect from sunrise to sunset. We completed the project late on a Friday with precision and passion, showcasing our commitment to excellence and timely delivery.

AOTC IN-HOUSE TRAINING

Safety matters, and at AOTC, we leave no stone unturned when it comes to ensuring the well-being of our team! 🤖🛡️ We recently conducted a comprehensive in-house safety training program, and we're thrilled to share its success with all of you!

WOODYARD GRILL BBQ

AOTC recently took a savory pit stop at Woodyard BBQ in Newberry, Florida, and let's say it was a mouthwatering experience we wouldn't forget!

Nestled in the heart of Newberry, Woodyard BBQ served up a delicious blend of smoky goodness and finger-licking BBQ magic. From tender brisket to heavenly ribs, every bite was a journey into BBQ paradise!

We were taking a moment to savor the flavors and unwind after a productive day of construction is essential. Our team enjoyed the laid-back atmosphere and the warm hospitality that Woodyard BBQ offered.

At AOTC, we're not just about building structures but also about making connections. Woodyard BBQ, thank you for fueling our spirits and satisfying our taste buds with your incredible BBQ creations!

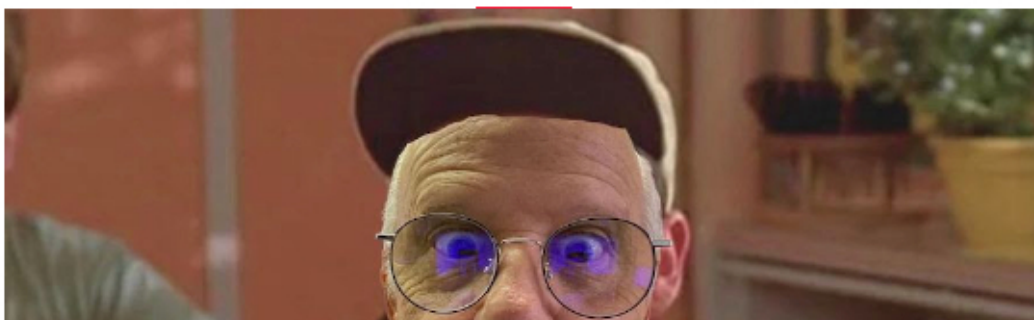

WERE YOU BORN ON THE SUN?

It's hotter than hot outside but, that's where we work. Watch and learn how the AOTC team keeps cool.

IT'S BACK TO SCHOOL TIME! HERE ARE DAD JOKES BY JOHN LUCARELLI...

- Why was school easier for cave people? **Because there was no history to study.**
- Why do magicians do so well in school? They're good at trick questions.
- Why did the broom get a poor grades? **It was always sweeping during class!**
- **Teacher:** Daniel, I've had to send you to the principal every day this week. What do you have to say for yourself? **Daniel:** I'm glad it's Friday!
- What makes a Cyclops such an effective teacher? **He has only one pupil.**

GOOGLE 5 STAR REVIEW

GOOGLE

"The first to respond when calling for someone to help with an emergency spill project. Highly recommend the team from AOTC."

A heartfelt thank you to all our incredible customers for showering us with amazing 5-Star Google reviews!

Your support and feedback mean the world to us at AOTC, and we're truly humbled by your kind words.

We're immensely proud of our team for their unwavering dedication, professionalism, and passion in making every project a success. Your positive reviews inspire us to keep raising the bar and providing you with top-notch service.

AUDUBON FLORIDA SEEKS TO LIST WILSON'S PLOVER AS THREATENED

"The Florida chapter of the Audubon Society has petitioned the Florida Fish and Wildlife Conservation Commission to list the Wilson's plover, a small shorebird native to the Southeast U.S., as a Threatened Species under Florida's Imperiled Species Rule.

The Wilson's plover, whose year-round range in the United States is limited to southern Florida coastlines, is estimated to have a Floridian population of less than 1,000 birds.

The beach-dwelling bird has experienced severe population decline over the past ten years, with the current estimated Florida population of 917 birds down almost 7000 individuals from a 2012 survey."
